Maharishi Arvind Education For Life

Since Your Child Deserves Nothing Less..

Vision

We aspire to turn out individuals who are "multi-dimensional" in their interests, are excited about the pursuit of knowledge, have a broad world-view, can think out-of-the-box, and are "driven" in whatever they may choose to do.

Maharishi Arvind School aims to provide a conducive atmosphere which would enable each child to realize his potential and his latent talents. The objective is to ensure the holistic development of the student with particular emphasis on maintaining high academic standards. The school instills in each child a desire for excellence, secular ethos, care for the less privileged, love for adventure and sensitivity towards the environment. We aspire to provide an open ended teaching pedagogy which increases the creativity and let the mind grow in a free environment.

Our School is about the spirit, morals and ethics of India. A school where tradition and modernity blend seamlessly so that while the students value their culture, traditions and stay away from the fallacies of society they are also in sync with all the advancements which are the need of the hour.

“Education is the best weapon for peace.”

Dr Maria Montessori

Each child is unique within and possess immense potential. Our role as educators is that of an assistant wherein we provide the right environment and materials for the child to grow and explore to their maximum capacity. We at Maharishi Arvind aim at providing a conducive environment for the child to learn explore and grow along with strong value system. We aim to prepare our children to sharpen their intellectual skills and turn their ideas and passion, something that helps make the world a better place.

Bhavya Parashar

Director-Admin

Education is not merely acquirement of facts but also of values which help us improve the different facets of mankind. It ensures that we leave the world a far better place than we found it. I welcome you all to the website of Maharishi Arvind School, Jaipur, one of the city's fastest growing, top-tier school. It is indeed a great privilege to serve as the Director of Maharishi Arvind School.

School Spirit

Galvanized by the indoctrination of Sri Aurobindo, The Maharishi Arvind Group of Institute promulgated its arrival in 1975 in Jaipur. The institute elevates and upgrades various genres of meritocracy and technical educational development. Presently, the institute deals in 30 splendid courses at undergraduate and postgraduate levels. Like true leaders, we've always stayed ahead in education and technological advancement with constant innovations in the curriculum reaching a holistic approach contributing to the all round development of the students.

This session we are thrilled to enter into School Education thereby making a complete circle from KG to PG.

The School will provide umpteen numbers of opportunities to the young learners. Our qualified and committed faculty members who in togetherness are entrusted the mammoth task of chiseling the lives of the future generations. Rising from the state of oblivion, awakening gradually and establishing your feet firm in the soil is what we as educators confront together with the learners. It's not in our nature to be satisfied with the present, but continuously chase the exceptional and set benchmarks for others to follow.

Interactive

Smart Boards in Classes

Technology is the presiding member of our Classrooms. All the classrooms are equipped with Interactive Smart Boards, which provide ways to show students all that can be presented on a computer (educational software, websites and others).

In addition, interactive smart boards allow teachers to record their instructions and post the material for review by students at a later time.

This is a very effective instructional strategy for students who are benefitted from repetition and need to see the material presented again, for students who are absent from school, struggling learners and for review during examinations.

- Creative video files to teach a software applications, lessons, or as a review to be posted to the server or web.
- Use the built in maps to teach continents, oceans, countries or states and capitals.
- View presentations created by the students or teachers.
- Create e-folios including samples of their work and narration.
- Digital storytelling.
- Take notes directly on Power Point presentations.
- Reinforce skills by using on-line interactive websites.
- Creating a project calendar.
- Then save them for future use or to be saved for other teachers.
- Use the Inter Write software to create lessons in advance at home or at school.
- Diagraming activities.

Library

History, Goals and Purposes, Materials and Equipment

The modern school library media center has a professionally trained school library media specialist who manages a central collection of diverse learning resources to support a school's curriculum, meet individual students needs and interests, and ensure that young people develop information literacy skills within the school's curriculum. This concept of a learning resource center is both a social development of the twentieth century and an evolution of information exchange.

Neev

The Foundation

(Play Group to Prep)

Pre school is a part of Maharishi Arvind School, We offer Preschool & Nursery programs. Neev Pre school aims to work together with parents of the young preschooler and help them mark a solid foundation for their future. Here we work believing each child to be unique. Our goal is to stimulate their curiosity, guide them to explore, help them to acquire skills and instill the joy of learning which would set the tone for the rest of their lives.

Neev Pre School is a cozy nest for the first spread of the wings of the child. Our Programs Introduce the child to the joy of learning in the initial years of his life and will help him in his all-round growth and shape his personality. We at Vidyalaya adapt playful methods to achieve the highest potential of the child in any specific environment and space.

Aarambh

The Beginning

(Classes I to V)

Primary School Education is preparing a child for tomorrow. Entering primary school is the first milestone of the child's education. Primary school is an important phase that lays the foundation for the child's learning. This is the stage when along with the social and emotional development more work is done on language and concept building. During these formative years, we at MAS concentrate to build the child's confidence and their desire to learn.

Honhar

Intelligent & The Best

(VI, VII & VIII)

By the time a student reaches Middle School, he/she is correlating learning with surroundings. Students have many thoughts and ideas but they experience difficulty when they try to verbalize and communicate these ideas. To overcome these difficulties, we have built up Teaching and Learning Aids in the form of learning models and worksheets to help Our students to visualize and master the concepts.

Srijnatmak

The Creative Scholar

(IX, X, XI & XII)

For Higher School Education, we at Maharishi Arvind School aim at providing comprehensive education. In pursuit of excellence, the school follows guidelines laid by the Central Board of Secondary Education, New Delhi. It prepares the student to take All India Secondary School Examination and All India Senior School Certificate Examination. The school covers all the key subjects.

Maharishi Arvind School offers three choices of disciplines i.e. Science, Commerce & Humanities as per the guidelines of CBSE. We offer a sixth subject to meritorious students. We arrange proper subject orientation talks, guest lectures by experienced faculty, seminars by successful entrepreneurs, to help our students to make the right choice of subject.

Sports *Activities*

At Maharishi Arvind School, sports forms an integral and compulsory part of the education process. Sports training is imparted to the students in order to inculcate in them a feeling of sportsman spirit, team spirit, self discipline and a spirit of general well-being.

A well defined syllabus for each sport of their choice, enables them to pursue with interest, the game of their liking.

A competitive spirit coupled with self discipline and sound health, forms the motto of our Sports Activities. We propose to organize Inter class, Inter house and Inter school competitions on regular basis to inculcate a healthy competitive spirit. Sports help to build character and teach the importance of discipline in life. It inculcates a respect for rules and allows the participants to learn the value to self control.

We aim to provide excellent opportunities and state-of-the-art infrastructure to our students and help them to make meaningful contributions in an increasing global society.

We have following Sports activities like Volleyball, Basketball, Table Tennis, Taekwondo, Cricket , Skating, Rock Climbing, Horse Riding* and Swimming* as an integral part of the sports curriculum of the school.

Medical & *Counseling Facility*

Maharishi Arvind School provides a first aid room manned by qualified nursing staff.

Our in-house counselor and trained teachers help the children to cope up with psychological stress due to peer, academic pressure etc. The students of Maharishi Arvind School are individually well looked after in its friendly environment. Lot of support and encouragement is given to students and their physical, moral, personal and social well-being is taken care of. With this the school aims to complement parents in the growth of sound values and self-discipline and achieving socially acceptable norms of behavior.

What we teach

Music, Dance, Yoga & Theater

The students of today are facing the world that is unpredictable and often overwhelming. We offer both virtual and in-person programming designed to build the inner resilience needed to navigate physical, mental and emotional stress, and overcome barriers to learning. Our five element structure seamlessly integrates the best of yoga and mindfulness, to provide comprehensive content, create a predictable rhythm to programming, and support ease and consistency of implementation.
